Goal: Improve on vocabulary ( word choice) by making 45 flashcards.

**S** Is it specific? ( Who? What? Where? When? Why?) : I will learn new vocabularies from a book or looking at a dictionary.

**M** is it specific? ( How many? How much?): I will make flash cards ask my friends/family members to test me. I will keep all the vocabularies in a box.

**A** Is it actionable? ( can this really happen? what steps are involved?) : I will practice the vocabulary a few times a week.

**R** (is it realistic? what knowledge , skills, and abilities are necessary to reach this goal?) : My family members can test me when I am ready with the first set.

**T** Is it timely? ( what are the deadlines?) :I will learn 45 new vocabularies by the end of semester 2

**R** (is it realistic? what knowledge , skills, and abilities are necessary to reach this goal?) : Every 1 or 2 weeks, I will show my chart to a family member or friend to see if I'm on track. Same for after reading the 3 books.
