

MYSTERY MANIA

Would you avoid flying over the Bermuda Triangle? What do you think happened to Malaysia Airlines Flight 370? Do you lie in bed at night wondering if aliens exist?

Later in our Mystery Mania unit, you will research and explain one real-life mystery in depth. First, we need to read broadly by skimming facts and theories about several mysteries.

Choose at least four intriguing mysteries, read about them, and complete the table below.

- You may use bullet points.
- Write in your own words! Don't copy and paste!

UFO	- UFO has happened in many cities -	- people see weird things but they could just be lights or planes - 5 - 25% of the sightings even experts don't know what they are	Feeling 1: I don't think that aliens exist but UFO's may Feeling 2: Could there be an secret that someone made it and flew it to different countries?	<u>Feeling 1:</u> I think that aliens don't exist because I think that they are just a cartoon. <u>Feeling 2:</u> I think that because the UFO looks like a technology device that someone incredible made. Also they may pass the secret on when they start to get old.	< http://www.temporaldoorway.com/%2Fmfonct%2Fsummary.htm >.

Bermuda Triangle	<ul style="list-style-type: none"> - During the 1918 there were more than hundreds of people who died in planes & ships who crossed the bermuda triangle - There was a team of experts that flew there to see - That was the first time a pilot survived 	<p>For the first link, NOAA believes that the bermuda triangle is fake and is just a myth</p> <p>For the second source, a team of experts went & they think that it's caused by some sort of energy</p>	I don't know	I don't know because the video for the second one might be true and might be fake. I also think that this is a scientific thing that we might know sooner or later.	<p>"NOAA Claims Bermuda Triangle Is Just a Myth." - <i>Unexplained Mysteries</i>. N.p., n.d.
